RE: Invasion of Ukraine

Ambassador Yuriy Filatov

Cork Chamber represents 1,200 members together employing 100,000 people throughout the city, metropolitan area and county. Our vision is to be a world-leading Chamber of Commerce, delivering on a progressive economic, social and sustainability agenda at the heart of a vibrant business community. We exist to bring people together for good.

I am writing to ask that you do everything in your power to revert the course of action currently being taken by the Russian Government.

The unprovoked assault on the sovereign democratic Ukrainian people is an assault on every value held dear by sovereign democratic people worldwide.

The actions of the Russian Government and military have displaced approximately million people, wrecking the lives of innocent families, men, women and children. The actions of the Russian Government and military have killed innocent civilians including children who were living in peace until you invaded their country.

It is an unimaginable an unconscionable injustice that you and your Government colleagues can stop. I appeal to your humanity and sense of reason to do everything you can to ensure no further death and destruction is brought to the people of Ukraine.

I look forward to your response.

Sincerely,
